

***WE MAKE A DIFFERENCE***

## ***OUR PASSION***

Great companies are built with the passion to make a difference.

Michael Page was founded on this simple principle in 1976. In the years that have followed we have grown to become a global leader in professional recruitment.

We make a difference by bringing the world's best employers and brightest professionals together. And that's something to be passionate about.

## **OVERVIEW**

Opening offices in Australia in 1985, Michael Page Finance has since cemented a market leading position in specialist recruitment.

Our success is founded on a thorough understanding of the finance market, the stability of our management team and our ability to source a consistent stream of high quality professionals.

### ***SPECIALISTS IN THE FIELD***

When you make the decision to work with Michael Page, you can rest assured you are dealing with someone who understands. Unlike many other recruitment firms, our consultants are specialists in the fields for which they recruit. Many have worked in the accounting and finance sector prior to joining Michael Page. This translates into more successful outcomes because we fully understand the skills and experience a candidate needs to fit into your organisation.

### ***RECRUITMENT WITHOUT COMMISSION***

In a unique approach within the recruitment industry, our consultants do not work on commission. Our consultants are salaried professionals and are awarded bonus payments based on team performance. This encourages teamwork and better outcomes because opportunities are shared around the entire team rather than being retained for the possibility of individual commission.

“ Our philosophy is simple and has been consistent around the world for over 30 years. We provide our clients with the talented professionals they need to achieve their objectives. ”
