SPECIALISTS IN THE FIELD

When you make the decision to work with Michael Page, you can rest assured you are dealing with someone who understands. Unlike many other recruitment firms, our consultants are specialists in the fields for which they recruit. Many have worked in the legal sector prior to joining Michael Page. This translates into more successful outcomes because we fully understand the skills and experience a candidate needs to fit into your organisation.

RECRUITMENT WITHOUT COMMISSION

In a unique approach within the recruitment industry, our consultants do not work on commission. Our consultants are salaried professionals who are assessed on their quality of service and rewarded according to team performance. This encourages teamwork and better outcomes because opportunities are shared around the entire team rather than being retained for the possibility of individual commission.

GLOBAL BRAND STRENGTH

The Michael Page brand is amongst the most widely recognised in the professional recruitment industry. Our global strength allows us to think and act beyond the boundaries of our location and business disciplines. When combined with our boutique-level understanding of local markets, we have the ability to source the brightest and most appropriate professionals for your business.

A REPUTATION FOR EXCELLENCE

Personal referrals are our largest source of introductions and the majority of candidates register with us as a result of a referral or previous contact. This is a testament to the high level of professionalism and service that has established Michael Page as a market leader in the professional recruitment sector.
